

MINNEAPOLIS POLICE DEPARTMENT

Application for Rescission of Notice of Noisy or Unruly Assembly

Pursuant to Mpls. Ord. § 389.65, if you have received a Notice of Noisy or Unruly Assembly and are the owner, rental license holder, or landlord of the property that formed the basis for the Notice, you have the right to petition the Minneapolis Police Department for a written order rescinding the Notice.

The Minneapolis Police Department will rescind a Notice of Noisy or Unruly Assembly upon a showing to its satisfaction that *reasonable and necessary actions* have been taken to prevent the occurrence of future noisy or unruly assemblies on that property. Mpls. Ord. § 389.30 defines *reasonable and necessary actions* as those actions that would firmly convince a reasonable person that the frequency and severity of future noisy or unruly assemblies would be substantially reduced.

If your request for rescission of the Notice is denied, you may petition the City of Minneapolis for review of that decision pursuant to Chapter 2 of the Minneapolis Code of Ordinances. Contact the Minneapolis Police Department designee listed on your Notice with any questions or to discuss an appropriate action plan for rescinding the Notice.

To petition the Minneapolis Police Department for rescission of the Notice, complete this application and deliver it to the designee listed on your Notice. **Please attach copies of any documents in support of this application.**

I hereby state that I am the owner, rental license holder, or landlord of the above-listed property. I received a Notice of Noisy or Unruly Assembly mailed on the above date. I hereby petition the Minneapolis Police Department for rescission of this Notice on the grounds that I have taken reasonable and necessary actions to prevent the occurrence of subsequent noisy or unruly assemblies on the above-listed property. I understand that the Police Department will not review this application until I fully explain to the police designee listed on my Notice what actions I have taken to substantially reduce the frequency and severity of future noisy or unruly assemblies on the property.
