

CITY OF MINNEAPOLIS

IGR Department Summer Project

Guled Ibrahim
Urban Scholar

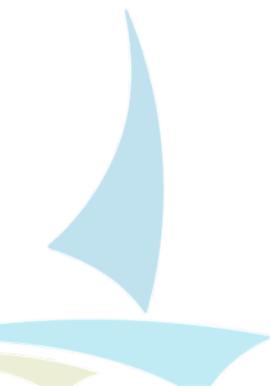

IGR Department Projects

1. City of Minneapolis Legislative Policy Positions
2. Grants & Special Projects
3. Airport Noise Research Project

Why The City Has Policy Positions

- [2016 Legislative Policies](#)
- The document serves as library of city positions on variety of legislative issues
- Legislative policies are approved by the Council prior to legislative session to inform advocacy at the State Capitol

What We Have Done

- Reviewed each policy in the document
- Compared 2016 policies to policies in prior documents
- Met with staff in departments across enterprise

Recommendations For The Policies

- Include [City Goals](#) in policy document
- Changing how policy is presented aesthetically
- Maintain list of outdated policies for future reference
- Specific language updates recommended by department staff will be presented at later date

Grants & Special Projects Office

- Grants & Special Projects Office provides [Foundation Information Resources](#)
- Office serves both internal and external customers
- Website last updated April 30, 2012
- Website contains some 300+ founding sources

Grants & Special Projects

- Focused on visiting the City's [Foundation Information Resources](#) website
- Reviewed the entire foundations listed on the City's website
- Collected all the foundation resources links that are no longer active or outdated for removal or update

Recommendations

- Keep the resources as they are already listed,
- Have subscriptions to resources like the Foundation Center
- Update the inactive or outdated links

Airport Noise Research Project

- What steps we (MSP) are taking locally to try to reduce noise?
- What steps are similarly situated cities taking locally to try to reduce noise?

Any Questions?

- **Thank you for your time Madam Chair and members of the Committee**
